

# Tissue Paper Pom Poms

## YOU WILL NEED:

+ Tissue paper & pipe cleaner

Check out step-by-step photos opposite.

1. Lay the tissue paper on top of each other in the rainbow colours you want and then cut into even 15cm squares.
2. Fold one side of your tissue paper to a 3cm wide strip.
3. You are now going to make a zig zag fold. Flip to the other side and fold 3cm wide. Repeat until you have 5 folds.
4. Wrap your white pipe cleaner around the middle of your folded tissue paper and twist the ends together.
5. Draw a small semi circle at each end of your tissue paper and cut this out to make a curve.
6. Fan out the tissue paper and carefully peel each sheet out. Fluff up to look like a pom pom. Then hang like a colourful cloud with some of your other makes.
